Explore our aftermarket carbon fiber parts catalog for the Audi TT, TTS and TT RS, prepared for sports car tuning shops, distributors, automotive parts retailers and aftermarket brands. Founded in 2006, our factory in China combines production experience with first-hand market knowledge through our own direct-to-consumer brand. We maintain a tooling library of more than 1,500 molds across our overall product range. Our experience across manufacturing and retail helps us understand why precise model identification, finish specifications and product descriptions matter to businesses sourcing components for TT-platform projects.

For Audi TT, TTS and TT RS wholesale enquiries, provide the exact model, generation, year, body style, selected catalog items, quantities and delivery country. Specify any styling conversion or existing modifications, and check the listed application of each part. For OEM production, custom carbon fiber components or private label projects, share drawings, reference photos or sample details, material and finish requirements, dimensional specifications, branding needs and estimated quantities. Contact us to discuss development feasibility, tooling, inspection criteria, minimum order quantities and lead times.
