9			侧裙 Side Skirts	DB11	DCF

10			后唇 Rear lip	DB11	DCF
Explore our aftermarket carbon fiber parts catalog for the Aston Martin DB11, prepared for specialist tuning shops, automotive parts distributors, retailers and aftermarket brands. Founded in 2006, our factory in China combines carbon fiber manufacturing experience with practical market knowledge from operating our own direct-to-consumer brand. Our tooling library spans more than 1,500 molds across our overall product range. This connection between manufacturing and retail helps us understand the clear product descriptions, finish specifications and application information that businesses need when sourcing components for Aston Martin customer projects. For Aston Martin DB11 wholesale quotations, send the selected catalog item numbers, vehicle year, exact variant and body style, quantities and delivery country. Include reference photos where existing modifications or product identification require clarification, and confirm each item's listed application. For custom carbon fiber parts, OEM manufacturing or private label supply, provide drawings or sample details, material and finish requirements, dimensional specifications, branding needs and estimated order quantities. Contact us to review development feasibility, tooling requirements, inspection criteria and production terms. Website: www.ccfpr.com WhatsApp: +86 134 2769 0360 Email: info@ccfpr.com
