14			后唇2 posterior lip 2	19-23 A7 S7 C8	DCF
15			叶子板饰件 Fender trim	19-23 A7 S7	DCF

Review our aftermarket carbon fiber parts catalog covering the Audi A7, A7L and S7 C8. Our factory was established in China in 2006 and serves tuning shops, automotive parts distributors, retailers and aftermarket brands. Alongside manufacturing, we operate our own direct-to-consumer brand, giving us practical insight into product selection, presentation and customer questions. With more than 1,500 molds across our overall product range, we bring an established manufacturing background to trade sourcing discussions. This combined catalog supports model-specific selection and does not imply that products are interchangeable across A7, A7L and S7 applications.

For wholesale pricing, specify the exact A7, A7L or S7 model, vehicle year, body configuration, bumper specification, item numbers, quantities and delivery country. Include reference photos to clarify fitment where necessary. For OEM carbon fiber manufacturing or private label development, submit drawings or sample details, target vehicle, material and finish requirements, dimensional specifications, branding needs and estimated order quantities. Contact us to review feasibility, tooling, inspection criteria, minimum order quantities and production lead times.
