39			机盖 Hood	16-23 R8	DCF
40			侧风口 Side air vent	16-23 R8	DCF
41			侧风口1 Side air vent 1	16-23 R8 GT	DCF

Explore our aftermarket carbon fiber parts catalog for the Audi R8, prepared for specialist tuning shops, distributors, automotive parts retailers and aftermarket brands. Founded in 2006, our factory in China combines carbon fiber manufacturing experience with direct market knowledge through our own consumer brand. We maintain more than 1,500 molds across our overall product range. This production and retail experience helps us understand the product information, finish expectations and application questions that trade buyers encounter when sourcing carbon fiber components for sports car customization projects.

For Audi R8 wholesale enquiries, identify the vehicle generation, model year, exact variant and body style, together with the selected catalog item numbers, quantities and delivery country. Specify whether the project retains the original vehicle configuration or involves a styling conversion, and include relevant photos. For OEM carbon fiber manufacturing, custom components or private label supply, submit drawings or sample details, target fitment, material and finish requirements, dimensional specifications, branding needs and estimated quantities. Contact us to review feasibility, tooling, inspection criteria, minimum order quantities and lead times.
