2			侧裙 Side Skirts	Continental GT	DCF
3			后唇 Rear lip	Continental GT	DCF
4			尾翼 Rear	Continental GT	DCF

Review our aftermarket carbon fiber parts catalog for the Bentley Continental GT, developed for luxury vehicle customization businesses, tuning shops, distributors and aftermarket brands. Established in 2006, our factory in China combines manufacturing experience with an understanding of customer expectations gained from operating our own direct-to-consumer brand. We maintain a tooling library of more than 1,500 molds across our overall product range. Our production and retail background helps us understand the importance of clearly defined finishes, product presentation and application details when trade partners select carbon fiber components for luxury vehicle projects. For Bentley Continental GT wholesale enquiries, provide the catalog item numbers, vehicle generation, model year, exact version, quantities and delivery country. Identify the body configuration and any existing modifications so the requested application can be reviewed. For OEM carbon fiber manufacturing, bespoke components or private label projects, share drawings, reference photos or sample details, material and finish specifications, dimensional requirements, branding needs and expected order quantities. Contact us to discuss manufacturing feasibility, tooling, inspection criteria, minimum order quantities and lead times.
