Review our aftermarket carbon fiber parts catalog for the BMW 3 Series G20 and G28, prepared for tuning businesses, distributors, automotive parts retailers and aftermarket brands. Established in China in 2006, our factory brings together carbon fiber manufacturing experience and customer insights from operating our own direct-to-consumer brand. With more than 1,500 molds across our overall product range, we provide an established manufacturing background for catalog sourcing and custom development discussions. Clear chassis and exterior-configuration information helps trade buyers select components for different G20 and G28 applications.

For BMW G20 and G28 wholesale enquiries, provide the exact chassis, vehicle year, trim and bumper specification, selected catalog items, quantities and delivery country. Identify any facelift configuration or styling conversion and check fitment for each component. For OEM production, custom carbon fiber parts or private label supply, submit drawings or sample details, material and finish requirements, dimensional specifications, branding needs and estimated order volume. Contact us to review development feasibility, tooling, inspection criteria, minimum order quantities and production terms.
