16			中网 (带ACC) Front grille (with ACC)	G22 G23	DCF
17			CSL款尾箱盖 CSL-style trunk lid	G22 G23	DCF

Review our aftermarket carbon fiber parts catalog covering the BMW 4 Series G22, G23 and G26. Established in China in 2006, our factory serves tuning shops, distributors, automotive parts retailers and aftermarket brands. We operate our own direct-to-consumer brand and maintain more than 1,500 molds across our overall product range, combining manufacturing experience with practical knowledge of retail requirements. This combined catalog supports body-specific product selection; it does not imply that components fit the coupe, convertible and Gran Coupe interchangeably.

For BMW G22, G23 and G26 wholesale enquiries, specify the exact chassis, model, year, exterior configuration, selected catalog items, quantities and delivery country. When sourcing parts for multiple vehicles, separate the requirements by chassis and confirm each item's application. For OEM carbon fiber manufacturing or private label development, submit drawings, reference photos or sample details, material and finish specifications, dimensional requirements, branding needs and estimated quantities. Contact us to discuss manufacturing feasibility, tooling, inspection criteria, minimum order quantities and production terms.
