Source aftermarket carbon fiber parts for the BMW 5 Series G30 and G38 through our catalog for tuning businesses, distributors, automotive parts retailers and aftermarket brands.

Established in 2006, our factory in China brings together carbon fiber manufacturing experience and direct customer insight through our own retail brand. Our tooling library spans more than 1,500 molds across our overall product range. We understand the importance of identifying chassis, trim and exterior specifications when trade customers source carbon fiber products for different G30 and G38 vehicle configurations.

For BMW G30 and G38 wholesale pricing, send the exact chassis, model year, bumper configuration, selected catalog item numbers, quantities and delivery country. Identify any facelift specification or M5-style conversion, and verify the actual mounting configuration before ordering. For OEM carbon fiber manufacturing, custom parts or private label projects, provide drawings, reference photos or sample details, material and finish specifications, dimensional requirements, branding needs and estimated quantities. Contact us to discuss manufacturing feasibility, tooling, inspection criteria, minimum order quantities and production lead times.
