8			后视镜壳 Rear-view mirror housing	24 G60 G68	DCF
9			碳纤维椅背 Carbon fiber seat back	24 G60	DCF

Review our aftermarket carbon fiber parts catalog for the BMW 5 Series G60 and G68, developed for BMW customization shops, distributors, automotive parts retailers and aftermarket brands. Founded in 2006, our factory in China combines manufacturing experience with practical market knowledge from operating our own direct-to-consumer brand. We maintain more than 1,500 molds across our overall product range. This production and retail experience helps us understand the application information, finish specifications and product presentation that businesses need when developing a carbon fiber offering for G60 and G68 customers.

For BMW G60 and G68 wholesale enquiries, identify the exact chassis, model, vehicle year, trim and exterior configuration, together with the selected items, quantities and delivery country. Confirm compatibility for each component rather than assuming shared fitment between the two chassis. For OEM manufacturing, custom carbon fiber development or private label supply, submit drawings or sample details, target application, material and finish requirements, dimensional specifications, branding needs and estimated order volume. Contact us to review feasibility, tooling requirements, inspection criteria, minimum order quantities and production terms.
