18			SC款尾灯罩饰件 SC Tail Light Cover Trim	488 GTB	DCF
19			SC款后尾灯罩 SC ear taillight cover	488 GTB	DCF

Review our aftermarket carbon fiber parts catalog for the Ferrari 488 GTB, designed to support sourcing by tuning shops, distributors, retailers and aftermarket brands. Established in 2006, our factory in China combines production experience with the customer perspective gained from running our own direct-to-consumer brand. Our tooling library spans more than 1,500 molds across our overall product range. We understand that trade customers need identifiable products, clear application information and a straightforward way to communicate specifications when comparing carbon fiber suppliers. For Ferrari 488 GTB wholesale quotations, send the selected item numbers, vehicle year, quantities and delivery country. Specify whether you need a component for the vehicle's existing configuration or are planning a styling conversion, and provide reference photos where relevant. For OEM production, custom components or private label enquiries, submit drawings or sample details, material and surface-finish requirements, dimensional specifications, branding needs and estimated quantities. Contact us to discuss manufacturing feasibility, tooling, minimum order quantities and lead times.
