18			发动机罩板 Engine hood	A45	DCF
19			后包角 corner wrap	19-23 A35 A45 W177	DCF

Explore our aftermarket carbon fiber parts catalog for Mercedes-AMG A35 and A45 W177 applications, prepared for performance tuning shops, distributors, automotive parts retailers and aftermarket brands. Founded in 2006, our factory in China brings together manufacturing experience and first-hand retail knowledge through our own direct-to-consumer brand. With more than 1,500 molds across our overall product range, we provide an established background for wholesale sourcing and custom development discussions. This combined catalog supports component-specific selection rather than assuming shared fitment between A35 and A45 versions.

For Mercedes-AMG A35 and A45 W177 wholesale pricing, identify the exact model, year, exterior specification, selected item numbers, quantities and delivery country. Specify whether the enquiry concerns an original AMG vehicle or a conversion project and include reference photos where necessary. For OEM production or private label carbon fiber parts, submit drawings or sample details, target application, material and finish requirements, dimensional specifications, branding needs and expected quantities. Contact us to discuss feasibility, tooling requirements, inspection criteria, minimum order quantities and production lead times.
