7			前唇（四门） Front lip	15-21 AMG C63	DCF
8			前风刀（四门） Front wind knife	15-21 AMG C63	DCF

Explore our aftermarket carbon fiber parts catalog for the Mercedes-AMG A35, prepared for Mercedes tuning shops, distributors, automotive parts retailers and aftermarket brands. Established in 2006, our factory in China combines carbon fiber manufacturing experience with market insights from operating our own direct-to-consumer brand. Our tooling library includes more than 1,500 molds across our overall product range. This manufacturing and retail background helps us understand the product specifications, finish expectations and application information that trade customers need when selecting carbon fiber components for A35 projects.

For Mercedes-AMG C63 wholesale enquiries, provide the selected catalog item numbers, model year, body style, quantities and delivery country. Identify any facelift specification or existing modifications, and confirm each component's listed application. For OEM carbon fiber manufacturing, custom parts or private label projects, submit drawings, reference photos or sample details, material and finish requirements, dimensional specifications, branding needs and estimated order quantities. Contact us to discuss manufacturing feasibility, tooling, inspection criteria, minimum order quantities and lead times.
